Letter of interest

Dear Sirs,

The Asociația de Dezvoltare Intercomunitară „Management Integrat al Deșeurilor în Județul Dâmbovița” hereby indicates its intention in supporting the application of the “**Optimizarea inteligentă a lanțului de colectare a deșeurilor respectând criteriile de mediu**” (**OptiCoDe**) for the creation of the intelligent optimization of the waste collection chain respecting environmental criteria. The organization has a genuine interest in the research and results proposed by this project since they are aligned with the work developed by our entity.

We recognize that the proposed project objectives, including the intelligent optimization of the waste collection chain while adhering to environmental guidelines, are in line with our own interests and strategy. We look further to receive information about the developments of this project and to establish future cooperation links in the research and innovation field with the **OptiCoDe** consortium, keeping track of the research and dissemination activities.

For this reason, we wish to express our willingness to support **OptiCoDe** project, given the interest of the project objectives, results and impacts.

The Asociația de Dezvoltare Intercomunitară „Management Integrat al Deșeurilor în Județul Dâmbovița” specializes in the following areas:

- Improving the quality of the environment for the population of Dâmbovița County by renewing and developing the local infrastructure for household waste management.
- Creation of the necessary institutional structures for the implementation of the county waste management system;
- The approach and management of waste in a unitary and integrated way, the final goal being to solve the environmental problems that both face and to ensure specific quality public services for the inhabitants of Dâmbovița county;
- Development and implementation of a common strategy regarding the operation of the waste system. Implementation of the circular economy concept;
- Creation and management of new services for the population of Dâmbovița county in order to increase the quality of their life and reduce the impact of the human population on the environment.

OptiCoDe's planned objectives are aligned with the strategy of our organization on Waste Optimization Management and Logistic Management, and as such this organization has an interest in supporting the project and collaborating with the consortium partners to fulfill those goals.

ADMINISTRATOR PUBLIC
Ec. Avanu Cristian Mihail
